

Please Note: There is a typo on the front board. The resistor space marked R3 on the far right should read **R5**.

## Resistors

R1: Yellow Purple Red Gold 4.7k Ohm

R2: Brown Black Brown Gold 100 Ohm

R3: Yellow Purple Red Gold 4.7k Ohm

R4: Yellow Purple Red Gold 4.7k Ohm

R5 (Last space on right):

Yellow Purple Black Gold 47 Ohm

1 78L05

1 NPN (FJN13003TA)

1 Front PCB

1 Back PCB

1 ATMEGA8

2 14 pin DIP

2 LED

2 6mm tactile button

1 DP3T switch

1 1/8" jack

8 Fillister head screw (4-40 1/4")

2 Long flat head screw (4-40 3/8")

2 Short flat head screw (4-40 3/16")

4 hex standoffs (4-40 1 1/2")

6 4-40 undersized hex nuts

6 Alligator clip

3 6" wires

1 Speaker ( 8 ohm .5 Watt)

1 9V connector

1 9V holder
